PROFESSIONAL SUMMARY

Computer Science Student at Sukkur IBA University skilled in Python, MERN Stack, and AI/ML. Built a Unified Information Portal for the Sindh government and defended research at EESD 2026. Recognized for technical excellence during a Machine Learning internship at Arch Technologies. Led as a SIBATHON '26 Organizer and Mediator for international academic conferences.

EXPERIENCE

Machine Learning Intern | Arch Technologies (Remote)

March - April 2026

- Developed an Email/SMS Spam Classifier using NLP (TF-IDF with bigrams) and Naive Bayes, achieving 97.85% accuracy.
- Architected a Handwritten Digit Recognizer using SVM (RBF kernel) on 8x8 pixel grayscale images with a peak accuracy of 98.89%.
- Built a California Housing Price Prediction engine using ensemble methods (Random Forest), explaining 80.46% of price variance.
- Implemented a multi-class Iris Flower Classification system using Scikit-learn and 5-fold cross-validation, reaching 96.7% test accuracy.
- Commended by the Head of AI for high professionalism, technical potential, and effective team collaboration

PROJECTS

- Unified Information Portal for the Sindh Universities & Boards Department
Designed a centralized, web-based platform to digitize fragmented manual workflows for 27 public universities and 8 boards across Sindh
- Email/SMS Spam Classifier:
Built an NLP-based model using TF-IDF vectorization with bigrams and Naive Bayes, achieving 97.85% accuracy.
- Handwritten Digit Recognizer: Developed a computer vision system using SVM (RBF kernel) on 8x8 pixel grayscale images, reaching a peak accuracy of 98.89%.

SKILLS

Languages: Python, JavaScript, Java, C++, Assembly Language.

Backend Webdevelopment: MERN Stack (MongoDB, Express.js, React, Node.js), RESTful APIs, FastAPI, Express.js, Node.js, Supabase (BaaS).

AI/ML/CV: Machine Learning, Deep Learning, Computer Vision, Natural Language Processing (NLP), OpenAI Whisper, Support Vector Regression (SVR), Random Forest, SHAP Value Analysis.

Databases: MongoDB, PostgreSQL, MySQL, Supabase

EDUCATION

Sukkur IBA University	<i>Sukkur,</i>	<i>Pakistan</i>
Bachelors in Computer Science	<i>May</i>	<i>2026</i>
Final Year Project: Unified Information Portal for the Sindh Universities & Boards Department		
IBA Public School Larkana	<i>Larkana,</i>	<i>Pakistan</i>
	<i>September</i>	<i>2021</i>
Pre-Engineering		

EXTRA-CURRICULAR

Reading: Psychology, Philosophy, History, Literature
